

Dear SDSEO Member:

Week 2 of the 2024 Legislative Session is complete. This week, making it two in a row, there were no bad surprises or negative bills. And as was with the first week, the tone about you and yours was still good. There were a few bills heard or entered this week with peripheral things involving state government, but nothing directly affecting you. So the bill list for week 2 is the same as last week, but for hearing times.

The two South Dakota Retirement System bills are up this coming week in Senate State Affairs. There should be no conflict with those bills. Read on the bills here:

https://sdscsm.servicenowservices.com/sdrs?id=kb_article_view&sysparm_article=KB0041584&sys_kb_id=233740cf1ba37d506a7c0e57ec4bcb30&spa=1. SDRS bills are developed through the [SDRS Executive Board](#) and go thru a rigorous process. You have two state employee members to rep for you on it, and they are both SDSEO members, including the Chair of the SDRS Board. There is also a Board of Regents employee rep on the SDRS Board.

I'm interested to see what happens with the State Supreme Court and its opinion that the governor and legislators asked for regarding conflict of interest: <https://www.msn.com/en-us/news/other/south-dakota-supreme-court-considers-conflict-of-interest-clause/ar-AA1mFAhH>. The State Supreme Court could say that legislators with state government contracts of any type or any connection are under the same restrictions state employees face when it comes to politics and the session, that being they could not vote on the General Appropriations bill. An opinion of that nature would really shake things up. Or if the Court finds that there is no conflict, maybe that would open things up again for state government employees to run for and win and seats in the Legislature and then become the lawmakers and policy setters. I'd be all for it, as you are truly the experts in your fields.

Repeats:

The state employee compensation and health budget hearing will be the very last budget hearing on the very last day of Joint Appropriations budget hearings, like normal: Feb. 7 from 10:45 a.m. to noon. Here is the broad brushstroke of the Governor's plan for state employees:

<https://bfm.sd.gov/budget/FY2025/EmployeeCompensation.pdf>. The 4% market adjustment is there, as is the extra state kick in on your health insurance. I have asked but do not yet know why there's a decrease in federal funds for health insurance; we'll find out on Feb. 7. There are General and Other Funds to pick up the slack there, and hopefully you won't see added costs in the proposal on Feb. 7.

I've pitched a fit in the past about your comp and benefits being the very last budget item every year, as there have been so much scraps for the bulk of you in the recent past, but this Legislature, now in its second year, proved me wrong last year by really stepping up and helping you out with a big compensation package. I think how they are approaching their budget hearings is good, with good

questions and information asks. I've also had really decent working relationships with legislators from all sorts of factions this last interim and so far this session. I think things are looking good, but we must be vigilant.

Here is our 2024 Legislative Session webpage: <https://sdseo.org/resources/2024legislativesession/>. It has quick links to the session things that I use for you. This year I included last year's links as well. Explore the page and the links and make to share with your colleagues, ALL of whom we need as members, not kidding. The recruiting needs to ramp way up. \$10 month to support this organization, the only of its kind in the state, is pretty darn inexpensive. (Yes, it's too much for some; we lost a longtime member this summer who couldn't afford it.) Dues haven't been raised for 13-14 years, and they're not going to get raised. We need participation. We need members. Keep the faith and keep up the fight.

All of the SDSEO's funding comes from membership; outfits like this receive zero state or federal dollars or incentives or tax breaks. While so much of the non-profit universe is focused on 501c(3) charities that were created to seek donations and then give the funds away to hard-pressed folks either in the form of cash or in the form of services, professional and labor non-profits such as the SDSEO are important too. Non-profit organizations like the SDSEO exist to help create and maintain healthy careers and service, hopefully keeping charities in the business of providing aid to the hardest pressed. That's why charities have tax-free donation and deduction status and organizations like the SDSEO do not.

Make sure to spread the word about the SDSEO and encourage membership. You're likely going to go out with co-workers on lunch or after work: Maybe offer to pay for their lunch that one time (you're probably going to anyway at some point, since you're a South Dakotan) and encourage them to join the SDSEO, which likely costs less than 1 work lunch a month.

To help out with recruiting, I've attached SDSEO recruitment/info docs. (For the Investment Trust brochure, the Reinke Gray email contact is bettejo@reinkegray.com. They have changed their email address.)

Lets' add a couple dozen new members in the next couple weeks. Not kidding. Help out. Have an informal meeting with your colleagues, chat. Call me up or email me if you need help. Spread the good word.

Make sure to let me know if you experience any problems at all as a state employee. Our Facebook: <https://www.facebook.com/my.SDSEO/>. Our Facebook gets lots of traffic and comments, so try to check it out. Our Twitter handle: @MySDSEO

HB 1060	revise certain provisions related to travel reimbursement.	removes mileage reimbursement rates and lodging rates from the State Board of Finance and places those rates in statute, while leaving meal reimbursement rates to the Board of Finance. There are a couple more overall changes as well. Sections 1-4 are the meat, while the other sections are statutes that would be affected by the first section. The reality is that the Legislature desires the higher IRS mileage rate and was unable to get it passed last year. And the hotel lobby will be getting another \$30+ on rooms at state rate thru statute. Amended and set aside for later by House Approps on 1/18	House Committee on Appropriations
